Ope and Manny's Fundraising Story

Ope and Manny challenged themselves to cover 84.6 miles (over three marathons!) in just seven days whilst raising an amazing £600 for Blueprint for All

"Aside from the very tired legs we gained so much from the experience. It was truly motivating to know that our efforts were contributing to better the futures of young people like myself. Through the support of family and friends I realised how much we could actually achieve both personally and for our community. This experience truly taught me never to give up on myself or anyone else for that matter and to persevere even through pain and hardships."

- Ope

"I no longer felt helpless, or that I had to sit by and idly do nothing; after running that marathon, I felt like I had contributed in some way shape or form to a solution, which is the best feeling."

- Manny
